Information

Business Portrait

Your corporate portrait, as a first line of communication with future clients must reflect professionalism and trust.

All corporate photographs are designed to harmonize with your brand image and suited to your particular needs.

Our styles range from traditional to contemporary. Also, your portrait can be taken at your place of work or at our portrait studio.

If you choose the latter, we have a variety of props and backgrounds to make your portrait individual to you. However, the choice is entirely yours.

Feel free to contact me for more information. Special rates are available for groups of more than 5 persons.
